CliQ II 24V 480W 1 PHASE POWER SUPPLY

Delta Electronics Group has announced the launch of CliQ II 24V 480W 1 Phase DIN Rail Standard Power Supply. The product comes with 3 years warranty like all Delta CliQ series. Delta's CliQ II 24V 480W is also compatible with Delta's CliQ II DRR-40A Redundancy Module to ensure zero system down time for the customer when one of the power supply fails or is being disconnected unexpectedly. CliQ II 24V 480W 1 Phase has 150% Power Boost for 5 seconds and an efficiency of more than 90%. The Power Boost feature prevents system from shutting down during sudden output surge, thus enhancing the system's reliability.

The CliQ II 24V 480W 1 Phase product fulfills protection class IP20, and complies with UL60905-1, UL508, CSA C22-2 No.107.1-01, SIQ mark according to EN60950-1 and EN55011 for industrial applications. The product is ATEX ready with Conformal coating on the PCBAs which prevents components damage in highly polluted environment.

DRP024V480W1BA SPECIFICATIONS

I/P & O/P Voltage Range	I/P: 85-264Vac, O/P: 24-28Vdc
Output Current	20A
Power Factor	> 0.96 @ 115Vac, > 0.89 @ 230Vac
Dimensions (L x W x D)	121 x 144 x 118.6 mm
Weight	1.37kg
Operating Temperature	-25°C to 75°C
