DELTA PSU INTRODUCES NEW MARKETING MATERIALS

DeltaPSU introduces new marketing materials for our channel partners.

▲ TABLE PLANNER

In the smartphone age, a Table Planner still provides the ultimate convenience for scribbling down and organizing your busy schedules instantly even while on the (smart)phone. DeltaPSU Table Planner comes with perpetual calendar format that allows you to fill in the dates depending on the year you prefer and where your phone's calendar easily serves as a reference. In addition, the printed Product Selection Guide also provides quick product reference for user.

▲ PANEL MOUNT CLEAR ACRYLIC DISPLAY STANDS

The innovative design of the display stands allows a set of three varying heights of stands to be stacked into each other and brought to a tradeshow with ease. The stands are versatile, easy to assemble and turn up the professional image of a show booth and Delta standard power supplies without the need for chunky and dreary furniture from stationery shops.

For more information or enquiries, please do not hesitate to contact your local Delta Electronics distributor or visit www.DeltaPSU.com.
